Homoeroticism in the Biblical World: A Historical Perspective By Martti Nissinen

Nissinen's award-winning book surveys attitudes in the ancient world toward homoeroticism, that is, erotic same-sex relations. Focusing on the Bible and its cultural environment-Mesopotamia, Greece, Rome, Israel-Nissinen concisely and readably introduces the relevant sources and their historical contexts in a readable way. Homoeroticism is examined as a part of gender identity, i.e., the interplay of sexual orientation, gender identification, gender roles, and sexual practice. In the patriarchal cultures of the biblical world, Nissinen shows, homoerotic practices were regarded as a role construction between the active and passive partners rather than as expressions of an orientation moderns call "homosexuality." Nissinen shows how this applies to the limited acceptance of homoerotic relationships in Greek and Roman culture, as well as to Israel's and the early church's condemnation of any same-sex erotic activity. For readers interested in the ancient world or contemporary debates, Nissinen's fascinating study shows why the ancient texts - both biblical and nonbiblical - are not appropriate for use as sources of direct analogy or argument in today's discussion.

Editorial Review

Language Notes

Text: English (translation)

Original Language: Finnish

From the Back Cover

"I strongly recommend Nissinen's work. It fills a major need in contextualizing the Old Testament references to homosexual relations in a study of ancient Near Eastern references to same-sex sexual interactions. Many of the relevant texts have simply not been accessible to the general reader heretofore." ---Phyllis Bird
Garrett-Evangelical Theological Seminary

About the Author

Martti Nissinen is Reader and Professor in Old Testament Studies, University of Helsinki, Senior Researcher of the Finnish Academy.

Users Review

From reader reviews:

Jason Hill:
