Shadow People Revealed By The Author Who Gave Them Their Name!

In 2001, this was the book that presented the topic and concept of the now horrifically popular phenomenon called “Shadow People!” In this newly illustrated edition, Heidi Hollis relays the topic of Shadow People and their many links to much of the paranormal phenomenon happening around the globe today—including the alien connection!

In 1997, Hollis gave this dark presence their name, not knowing how far the reach of Shadow People had already been. Now she stands as the world’s foremost expert, having given the groundwork for others to find answers and remedies to the Shadow People infestation:

This is the true story of Hollis’ journey into a hidden existence she suddenly found herself in the middle of. She was once besieged by ghosts, poltergeists, then witnessed UFOs, only to have the alien occupants come in for a closer look. Then came the worst of it when Shadow People greeted her, followed by what she also named the “Hat Man” phenomenon! (See Hollis' book: The Hat Man: The True Story of Evil Encounters)

Hollis soon discovers that there is an ancient war brewing in our skies and in the homes of individuals around the world—including her own. With horror surrounding Hollis and a college roommate on a daily basis, they both are given the tools to defend themselves against this dark menace. This help came to them by way of a being who is already engaged in this Secret War—an alien who claimed to be watching this battle between GOOD and EVIL!
