### **Editorial Review**

#### Review

"- "In this provocative book, the authors beautifully describe their concepts of twin souls...They propose that through interactions with friends, family members, and lovers, we can actively assist each other's spiritual evolution" - Stanley Krippner, author of The Realms of Healing, and Dreamscaping"

#### About the Author

Maurie D. Pressman, MD, is traditionally trained as a psychoanalyst and child analyst and has reached into the broad realms of psychotherapy through his experience as Chairman of Psychiatry at the Albert Einstein Medical Center in Philadelphia, PA, and Clinical Professor of Psychiatry at Temple University Medical School. These experiences have combined with an inner urge for searching, producing a bridge between the personal realms which guide us on the material plane and the higher realms. This prepares him to facilitate the ascent of personality toward the soul, and through the soul into yet higher realms. His lectures and workshops are an experience in this release of potential.

Patricia Joudry has been researching the subject of twin souls for over 30 years. She is a novelist, playwright, and innovator of a listening therapy devoted to alleviating the effects of environmental noise.
