Editorial Review

Review

From the reviews:

"This book is ... on mental health from a global perspective. ... the book provides a welcome break from the mainstream psychiatric literature in its effort to document mental health issues relevant to the vast majority of the world's population living in low- and middle-income countries. ... I enjoyed reading this book ... I recommend this book to anyone interested in the evaluation of mental health-care programs in developing countries." (Vikram Patel, *Transcultural Psychiatry*, Vol. 41 (2), June, 2004)

Users Review

From reader reviews:

Bernard McLaren:
