

# Einstein and Buddha: The Parallel Sayings

*From Ulysses Press, Seastone*

**Einstein and Buddha: The Parallel Sayings** From Ulysses Press, Seastone

Provocative, stimulating, and insightful, Einstein and Buddha points to the far-reaching and profound parallels between Western scientific thought and Eastern religion. These remarkably similar disciplines touch on the essential nature of energy and matter, the relationship between subject and object, and the limits of language in understanding and describing reality. The shared understandings communicate a deep common ground on both the nature of the universe and our place in it.
