## CISSP Study Guide By Eric Conrad, Seth Misener, Joshua Feldman

*CISSP Study Guide, Third Edition* provides readers with information on the CISSP certification, the most prestigious, globally-recognized, vendor-neutral exam for information security professionals.

With over 100,000 professionals certified worldwide, and many more joining their ranks, this new third edition presents everything a reader needs to know on the newest version of the exam's Common Body of Knowledge.

The eight domains are covered completely and as concisely as possible, allowing users to ace the exam. Each domain has its own chapter that includes a specially-designed pedagogy to help users pass the exam, including clearly-stated exam objectives, unique terms and definitions, exam warnings, "learning by example" modules, hands-on exercises, and chapter ending questions.

- Provides the most complete and effective study guide to prepare users for passing the CISSP exam, giving them exactly what they need to pass the test
- Authored by Eric Conrad who has prepared hundreds of professionals for passing the CISSP exam through SANS, a popular and well-known organization for information security professionals
- Covers all of the new information in the Common Body of Knowledge updated in January 2015, and also provides two exams, tiered end-of-chapter questions for a gradual learning curve, and a complete self-test appendix

### Editorial Review

#### About the Author

Eric Conrad (CISSP, GIAC GSE, GPEN, GCIH, GCIA, GCFA, GAWN, GSEC, Security+), is a SANS-certified instructor and President of Backshore Communications, which provides information warfare, penetration testing, incident handling, and intrusion detection consulting services. Eric started his professional career in 1991 as a UNIX systems administrator for a small oceanographic communications company. He gained information security experience in a variety of industries, including research, education, power, Internet, and healthcare, in positions ranging from systems programmer to security engineer to HIPAA security officer and ISSO. He has taught more than a thousand students in courses such as SANS Management 414: CISSP, Security 560: Network Penetration Testing and Ethical Hacking, Security 504: Hacker Techniques, and Exploits and Incident Handling. Eric graduated from the SANS Technology Institute with a Master of Science degree in Information Security Engineering.

Seth Misenaar (CISSP, GPEN, GCIH, GCIA, GCFA, GWAPT, GCWN, GSEC, MCSE, MCDBA), is a certified instructor with the SANS Institute and serves as lead consultant for Context Security, which is based in Jackson, Mississippi. His background includes security research, network and Web application penetration testing, vulnerability assessment, regulatory compliance, security architecture design, and general security consulting. Seth previously served as a physical and network security consultant for Fortune 100 companies and as the HIPAA and information security officer for a state government agency. He teaches a variety of courses for the SANS Institute, including Security Essentials, Web Application Penetration Testing, Hacker Techniques, and the CISSP course.

Seth is pursuing a Master of Science degree in Information Security Engineering from the SANS Technology Institute and holds a Bachelor of Science degree from Millsaps College, Jackson, Mississippi.

Joshua Feldman (CISSP), is currently employed by SAIC, Inc. He has been involved in the Department of Defense Information Systems Agency (DISA) Information Assurance Education, Training, and Awareness program since 2002, where he has contributed to a variety of DoD-wide Information Assurance and Cyber Security policies, specifically the 8500.2 and 8570 series. Joshua has taught more than a thousand DoD students through his "DoD IA Boot Camp" course. He is a subject matter expert for the Web-based DoD Information Assurance Awareness-yearly training of every DoD user is required as part of his or her security awareness curriculum. Also, he is a regular presenter and panel member at the annual Information Assurance Symposium hosted jointly by DISA and NSA. Before joining the support team at DoD/DISA, Joshua spent time as an IT security engineer at the Department of State's Bureau of Diplomatic Security. He got his start in the IT security field with NFR Security Software, a company that manufactures Intrusion Detection Systems. There, he worked as both a trainer and an engineer, implementing IDS technologies and instructing customers how in properly configuring them.

### Users Review

#### From reader reviews:

#### David Anthony:

Book will be written, printed, or created for everything. You can realize everything you want by a book. Book has a different type. We all know that that book is important matter to bring us around the world. Close

to that you can your reading talent was fluently. A book CISSP Study Guide will make you to be smarter. You can feel considerably more confidence if you can know about anything. But some of you think that will open or reading a new book make you bored. It is not necessarily make you fun. Why they might be thought like that? Have you trying to find best book or appropriate book with you?

**Travis Mahon:**

Reading a book can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book and so. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new data. When you read a book you will get new information simply because book is one of several ways to share the information or perhaps their idea. Second, studying a book will make you more imaginative. When you looking at a book especially fictional works book the author will bring you to definitely imagine the story how the character types do it anything. Third, it is possible to share your knowledge to some others. When you read this CISSP Study Guide, you could tells your family, friends and also soon about yours e-book. Your knowledge can inspire average, make them reading a e-book.

**Richard Taylor:**

That reserve can make you to feel relax. This specific book CISSP Study Guide was colourful and of course has pictures on there. As we know that book CISSP Study Guide has many kinds or genre. Start from kids until youngsters. For example Naruto or Detective Conan you can read and believe that you are the character on there. So , not at all of book usually are make you bored, any it can make you feel happy, fun and unwind. Try to choose the best book for you and try to like reading this.

**Lawrence Pomerleau:**

What is your hobby? Have you heard this question when you got pupils? We believe that that question was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you know that little person similar to reading or as examining become their hobby. You have to know that reading is very important and book as to be the factor. Book is important thing to include you knowledge, except your own personal teacher or lecturer. You find good news or update regarding something by book. Different categories of books that can you take to be your object. One of them is CISSP Study Guide.
