**Exigir para educar (Hacer Familia) (Spanish Edition)** Eusebio Ferrer Hortet  
Exigir para educar es el libro de un padre de familia que conversa con otros padres. La experiencia prima sobre la teoría. Escrito con un aire de reflexión, de revisión de puntos conocidos, le quita todo aspecto formal y frío. El lector pronto se siente involucrado en el texto de las páginas y va descubriendo algo que tiene desde siempre muy claro, pero que trata de evitar por todos los medios: la exigencia. Para educar se necesita la colaboración de los dos sujetos, el educador y el educando, y esta participación no se consigue sin esfuerzo.

Sin dar reglas fijas o pretender que se puedan conseguir altos objetivos con simples recetas, desde el primer momento se subraya la complejidad de la tarea educativa: el material con el que se trabaja, los seres humanos, son siempre originales e irrepetibles. No se trata, pues, de faltar a la verdad diciendo que, con la lectura de este libro, es fácil educar. Lo único que pretende su autor es decir una vez más que educar es posible, aunque a veces los hijos parezcan empeñados en demostrarnos lo contrario.
