

Apollo

By Charles Murray, Catherine Bly Cox

Apollo By Charles Murray, Catherine Bly Cox

Out of print for fifteen years, this is the classic account of how the United States got to the moon. It is a book for those who were part of Apollo and want to recapture the experience and for those of a new generation who want to know how it was done. It is an opinion shared by many Apollo veterans. Republished in 2004 with a new Foreword by the authors.
