

## EDGE

By Koji Suzuki

### EDGE By Koji Suzuki

*Edge* begins with a massive and catastrophic shifting of the San Andreas fault. The fears of California someday tumbling into the sea--that have become the stuff of parody--become real. But even the terror resulting from this catastrophe pales in comparison to the understanding behind its happening, a cataclysm extending beyond mankind's understanding of horror as it had previously been known. The world is falling apart because things are out of joint at the quantum level, about which of course there's never been any guarantee that everything has to remain stable.

Koji Suzuki returns to the genre he's most famous for after many years of "not wanting to write any more horror." As expected from Suzuki, the chills are of a more cerebral, psychological sort, arguably more unsettling and scary than the slice-and-dice gore fests that horror has become known in the U.S. Never content to simply do "Suzuki"--as it were--but rather push the envelope on what horror is in general and for which readers have come to know him, *Edge City* borders on being cutting-edge science fiction. The author himself terms this novel, which he has worked on for some years, a work of "quantum horror."

### Editorial Review

#### Users Review

##### From reader reviews:

##### Lee Long:

Why don't make it to become your habit? Right now, try to ready your time to do the important action, like looking for your favorite reserve and reading a guide. Beside you can solve your short lived problem; you can add your knowledge by the book entitled EDGE. Try to the actual book EDGE as your close friend. It means that it can to get your friend when you feel alone and beside that of course make you smarter than ever. Yeah, it is very fortunated for yourself. The book makes you much more confidence because you can know every thing by the book. So , let us make new experience along with knowledge with this book.

##### Charles Buffington:

Reading a reserve tends to be new life style in this particular era globalization. With looking at you can get a lot of information that can give you benefit in your life. Together with book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. A lot of author can inspire their own reader with their story or even their experience. Not only the storyplot that share in the publications. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors nowadays always try to improve their skill in writing, they also doing some exploration before they write to the book. One of them is this EDGE.

##### Clifford Caldwell:

The guide with title EDGE has a lot of information that you can find out it. You can get a lot of profit after read this book. That book exist new information the information that exist in this book represented the condition of the world today. That is important to yo7u to be aware of how the improvement of the world. This particular book will bring you within new era of the the positive effect. You can read the e-book with your smart phone, so you can read the idea anywhere you want.

##### Heidi Crenshaw:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's heart or real their interest. They just do what the educator want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this EDGE can make you sense more interested to read.
