### Editorial Review

#### Review

'Valuable ... it stays close to the text of Deleuze and Guattari and so invites the reader to pursue specific issues in the original. Philip Goodchild's scholarly apparatus is admirable and provides a reliable entry to the remarkable writings of two very exciting thinkers' - *Horst Ruthrof, Social Semiotics*

'Goodchild shows us the joy to be found in a careful and critical engagement with works of Deleuze and Guattari.... With this book Goodchild has announced himself as a major figure in the English-speaking reception of Deleuze and Guattari's thought' - *Iain MacKenzie, The Queen's University of Belfast, may appear in Radical Philosophy.*

'In this introduction Philip Goodchild has managed to pull off an almost impossible feat, making the work of Deleuze and Guattari accessible to a wider audience while at the same time remaining felicitous to the mobile and dynamic character of their innovations in thought. The result is a book of great intelligence and power which will not only introduce new readers to Deleuze and Guattari in novel and exciting ways, but which will also, I am confident, come to play a major role in the invention of their thought that is now underway and that will gain serious momentum in the next few years. Above all, Goodchild's introduction serves to show the incredible richness and immense power of the work of Deleuze and Guattari, a fertility and a potency which readily comes across when placed alongside the narcissism of postmodern thought and the sterility of so much academic philosophy. Goodchild's marvellous presentation of their work hits one in the face like a great wind, transporting one into completely new climates and strange environments, forcing one to construct new paradigms of thought and existence' - *Keith Ansell Pearson, University of Warwick*

'Lively and challenging....Goodchild's personal engagement with... [Deleuze and Guattari's] work is exceptional (and was first apparent in his contemplative and insightful *Gilles Deleuze and the Question of Philosophy*, 1996)' - *Times Literary Supplement*
