What would happen if you lost everything? If the people who were supposed to love you unconditionally were no longer there for you, how would your world change?

That's exactly what happened to Madeleine Becker when her parents died when she was ten years old. Ripped from her home and everything that she has ever loved, she is forced to start all over again. The only way for her to move on is to build walls around her heart and keep everyone at a safe distance. Her logic: she can't get hurt if she doesn't fall in love.

That theory is blown to pieces when she meets Reid Connelly during her freshman year at college. He is gorgeous and darkly mysterious. He understands Maddy's pain all too well, but sharing his pain would mean breaking down the walls he put up around his own heart. Conflicted between loving Maddy and hiding his dark past, Reid starts to reevaluate his world. Maddy's inner strength, snarky personality and breath taking beauty help Reid to make peace with his past.

Together they find out what happens when they Let Love In.

Series Reading Order:

Let Love In- Maddy & Reid (ends in a cliffhanger)

Let Love Stay - Maddy & Reid (concludes their story)

Let Love Heal - Melanie & Bryan (can be read as a standalone)

Let Love Shine - Maddy & Reid (one-year-later follow-up novella)

Let Love Be - Lucy & Evan (can be read as a standalone)

#### About the Author

New York Times and USA Today bestselling author Melissa Collins has always been a book worm. Studying Literature in college ensured that her nose was always stuck in a book. She followed her passion for reading to the most logical career choice: English teacher. Her hope was to share her passion for reading and the escapism of books to her students. Having spent more than a decade in front of a classroom, she can easily say that it's been a dream.

Her passion for writing didn't start until more recently. When she was home on maternity leave in early 2012, she read her first romance novel and her head filled with the passion, angst and laughter of the characters who she read about it. It wasn't long before characters of her own took shape in her mind. Their lives took over Melissa's brain and The Love Series was born.
