De Júpiter a Cristo (Poliedros) (Spanish Edition) By Jörg Rupke

La Historia de las Religiones del periodo que abarca el Imperio Romano es de una importancia fundamental para la Historia de las Religiones de Europa, así como de un valor paradigmático para la Historia de las Religiones en general. Se trata de un espacio con vínculos administrativos y económicos muy estrechos que hicieron posible una ágil difusión de ideas y de medios. El presente trabajo justifica la hipótesis de que la modificación decisiva en dicha periodo no ha sido el cambio o el incremento de la cantidad de religiones existentes (como paganismo, cristianismo, judaísmo), sino una modificación de fenómeno y de la relevancia social del concepto de «religión» en general: de un medio de tematización individual de contingencias humanas como pueden serlo la enfermedad, inseguridades, la muerte, y de la formación de una identidad política pública, la religión devino una continuidad extensa del modo de vivir de los hombres, de conformación de identidades grupales y de legitimación política.
