## Karen Horney and Character Disorder: A Guide for the Modern Practitioner By Irving Solomon PhD

Who is Karen Horney and why are her psychoanalytic ideas so important in today's world of once-per-week dynamic psychotherapy? Horney was one of the first analysts to challenge basic Freudian assertions such as the psychoanalytic account of female development. She had a revolutionary focus on present-oriented treatment, and a powerfully-optimistic attitude toward patient growth and change.

1. introduces, defines, and illustrates the major tenets of Horney's theory and technique
2. discusses Horney's means of fostering an optimistic attitude that strengthens therapy between therapist and the patient
3. demonstrates the special suitability and the effectiveness of Horney's ideas as they are applied to character disorder and to today's most frequent form of treatment: once-per-week session psychotherapy
4. presents criticisms of Horney's ideas

Dr. Irving Solomon prepares practitioners to conduct Horneyan therapy and successfully treat character disorder, the most common dysfunction of our time. Dr. Solomon presents, in a concise and organized fashion, Karen Horney's ideas regarding character psychopathology, accompanied by many illustrative vignettes for practical application. Today's clinician will find that Horney's orientation provides a means of conducting brief treatment that is also meaningfully deep.

This book will be of interest to mental health professionals, as well as to lay individuals who seek knowledge of the self, since it realistically, vividly, and authoritatively touches on a multitude of common, easily recognized character trends that destructively complicate our well-being.

### Users Review

**From reader reviews:**

**Sheila Seim:**

Book is actually written, printed, or highlighted for everything. You can know everything you want by a reserve. Book has a different type. As it is known to us that book is important factor to bring us around the world. Alongside that you can your reading ability was fluently. A publication Karen Horney and Character Disorder: A Guide for the Modern Practitioner will make you to possibly be smarter. You can feel much more confidence if you can know about every little thing. But some of you think this open or reading a book make you bored. It's not make you fun. Why they are often thought like that? Have you in search of best book or appropriate book with you?

### **Jennifer Barton:**

The reason why? Because this Karen Horney and Character Disorder: A Guide for the Modern Practitioner is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret the item inside. Reading this book next to it was fantastic author who write the book in such awesome way makes the content interior easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of gains than the other book include such as help improving your proficiency and your critical thinking approach. So , still want to delay having that book? If I were you I will go to the reserve store hurriedly.

### **Robert Eslinger:**

That publication can make you to feel relax. This book Karen Horney and Character Disorder: A Guide for the Modern Practitioner was bright colored and of course has pictures around. As we know that book Karen Horney and Character Disorder: A Guide for the Modern Practitioner has many kinds or type. Start from kids until teens. For example Naruto or Detective Conan you can read and think that you are the character on there. Therefore , not at all of book are usually make you bored, any it offers you feel happy, fun and chill out. Try to choose the best book in your case and try to like reading that.

### **Diane Welton:**

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's heart or real their interest. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Karen Horney and Character Disorder: A Guide for the Modern Practitioner can make you truly feel more interested to read.
