

Migration, Health and Ethnicity in the Modern World (Science, Technology and Medicine in Modern History)

From Catherine Cox

Migration, Health and Ethnicity in the Modern World (Science, Technology and Medicine in Modern History) From Catherine Cox

The volume focuses on the relationship between migration, health and illness in a global context from c.1820 to the present day. It takes a wide range of finely-grained case studies to examine epidemic disease and its containment, chronic illness and mental breakdown and the health management of migrant populations in the modern world.
