Tales from a Masonic Storyteller By Hank Kraychir

Albert Pike perhaps said it best when he wrote, "Everywhere the sacred body of Nature was covered with the veil of allegory, which concealed it from the profane, and allowed it to be seen only by the sage who thought it worthy to be the object of his study and investigation. She showed herself to those only who loved her in spirit and in truth, and she abandoned the indifferent and careless to error and to ignorance." Masonic allegorical lessonry can best be defined as symbolic Masonic themes incorporated into our daily lives, our surroundings and even our culture. You see, a great many Masons founded the United States of America. With that said, Masonic inspirations and influences abound. Each time a man is schooled in the lessons of the Craft, he often uses these lessons and even incorporates them throughout his life's work. Whether the man is an ordinary one or a well-known one, the lessons learned by each man can never be truly taken from him. This brings up the point of this book, as Albert Pike wrote, "They are to us but parables and allegories, involving and enveloping Masonic instruction." These Masonic allegorical themes are in art, literature, books, architecture, movies, on television, on our money, in law and even in our different levels of government. Literally, they are almost everywhere. This, of course, has led to a great many conspiracies, many of which are unworkable and are thus impossible. As the informed Mason quickly learns, the Craft is nothing more than an ancient form of education. It literally teaches a man how to think and act. The benefit a man receives is in his Masonic education, not from what he will get from another Mason. The truth is we do as Masons communicate with each other and have attempted, although individually, to influence our culture from the moral and intellectual lessons learned within the Craft. We communicate and leave our mark culturally; just as other people communicate and leave their mark culturally. Therefore, Tales from a Masonic Storyteller is a book that includes allegorical stories, in speech form, about the Three Little Pigs, Jesus the Craftsman, Pledge of Allegiance, Star Spangled Banner, Mahatma Gandhi on God, Benjamin Franklin on Masonic Secrecy and more.
