**Advanced Practice Nursing Procedures** By Margaret R. Colyar DSN ARPN C-FNP

Here is an illustrated, easy to reference handbook with step-by-step instructions for the procedures most commonly performed by primary care clinicians in office, hospital, and other outpatient settings. Organized by major body systems, each section reviews the diagnostic procedures for that system, followed by all of the information you need to perform the procedure.

Begin with a procedure overview and a list of methods for performing the procedure, followed by rationales, indications and contraindications. The procedure section lists the required equipment and provides step-by-step instructions for performing the procedure. You'll also have CPT coding guidelines and health promotion and safety prevention tips for client teaching as well as post-procedure care.

The *Plus* Code inside new, printed texts gives you access to the resources online at *DavisPlus*, including your Davis Digital Version and printable consent forms.
