From the Author

So many lovely people have emailed or messaged me regarding the *Kindred* series, that it became quite obvious that you all wanted more. So a little while ago I started writing a novella sequel to the series, playing around with two characters I really wanted to meet and see how they'd grown.

Like you, I loved that world. I loved the relationship Michel & Lucinda had. I loved the dynamics of Nosferatu & their kindred Nosferatin. I loved the plethora of side characters with all their quirks and personalities and craziness.

I loved the potential for more.

So, when I started getting an increase recently of readers contacting me and begging for more, I decided to dust off the novella I'd started writing and take another look.

And you know what? It was good to be back in *Kindred*.

Blood Enchanted is set 25 years after the end of the series, so it's ideal for those who know how *Kindred* ends. But you don't have to have read *Kindred* to enjoy *Blood Enchanted*. You just might be missing out on a really good thing. ;)

So, happy reading, Kindred-ites... And thanks for loving them as much as me!
