God in the Wasteland: The Reality of Truth in a World of Fading Dreams By David F Wells

In this sequel to the widely praised No Place for Truth, David Wells calls for the restoration of the church based on a fresh encounter with the transcendent God. By looking anew at the way God's transcendence and immanence have been taken captive by modern appetites, Wells argues convincingly for a reform of the evangelical world.

Editorial Review

From Library Journal

Continuing the examination of evangelical theology he started in *No Place for Truth; or, Whatever Happened to Evangelical Theology* (Eerdmans, 1993), Wells expands on the previous work by offering a remedy to the diminished place of theology in the church by suggesting a return to a belief in God and away from culture modernization or worldliness. Wells is convincing in his statements that mass consumerism and self-obsession lead to mega-churches where the "consumer is sovereign, the product (in this God himself) must be subservient." A comparative survey of seminarians conducted during 1988 and 1993 provides support for this religion of civility. An extensive bibliography makes this book a useful addition for more substantial religion collections.

From the Back Cover

David F. Wells's award-winning book *No Place for Truth*--called 'a stinging indictment of evangelicalism's theological corruption' by TIME magazine--woke many evangelicals to the fact that their tradition has slowly but surely capitulated to the values and structures of the modern world. In *God in the Wasteland* Wells continues his work on a biblical antidote to the modernity that has invaded today's church.
