### Hereditary Witchcraft: Secrets of the Old Religion By Raven Grimassi

Discover the real sources of many of the traditions, beliefs, and techniques of modern Witchcraft! And what author Raven Grimassi reveals in *Hereditary Witchcraft* is the documented ancient roots of the Old Religion.

One-by-one, Grimassi goes through the tenets of Witchcraft and shows their ancient sources. The association of the pentagram with Witchcraft goes back at least 2,500 years. The idea of the four elements goes back to a philosopher named Empedocles of Sicily in around 475 B.C.E. The practice of many covens today of having a Priestess, Priest, and Maiden can be traced back over 2,000 years to ancient Pompeii.

This book is filled with history, myth, and folklore. But it is also filled with rituals and techniques that you can do. On these pages you will learn how to prepare and banish a magic circle. You'll learn rituals you can do by yourself, including those for the Solstices, Diana's Day, and Cornucopia. With this information you can become a follower of the Old Ways!

Of course, one of the most famous aspects of Witchcraft is magick. Grimassi doesn't disappoint here, either. You'll learn runic magick and divination; you'll learn about doing magick with the Moon and stars; you'll learn secret symbols and the powers of herbs.

If you are a Witch?or you're thinking about becoming a Witch?this is one of the most important books you could possibly have. You'll find the documentation to support the antiquity of your beliefs and the way Witchcraft is practiced today. This book is both a guide for everyday life and a resource to discover Wiccan origins. If you don't have a copy of this book, get one today. You'll use it for the rest of your life.

### Editorial Review

From the Publisher

Like many of you reading this, I have my own library. Because I have been collecting occult books and manuscripts for over half a century, my library has gotten so large that at times it is difficult to find information I need. That is why *Hereditary Witchcraft* by Raven Grimassi is such an invaluable tool. No longer do I have to go through old volumes to find a bit here or a sentence there. Grimassi has done all the hard work for us. It's great to have all of this information on hand!

Grimassi has traced the sources of an amazing number of beliefs and practices. In an age where cynicism and doubt are rampant, it is great to have references so you can identify the antiquity of what you do and believe. You could say that this is a book for scholars, because the scholarship in this book is impeccable. But this book is far more! It is a living, breathing document showing how Wicca has evolved over the centuries. It also shows how you can practice the "Old Ways" of Witchcraft, even if you are not near a coven. In this book you will learn important rites and rituals that you can perform in private.

The magical techniques and information here are wonderful. Grimassi shares his knowledge of the magick of the stars. He also shares the secrets of the Tuscan Runes and how you can use them for divination. For the first time this information becomes something practical that you can use!

Expert scholarship combined with an easy writing style and practical information makes this a usable resource that you simply must have. If you don't have a copy you should get one right away. The greater depth of your knowledge of Witchcraft lore and techniques will be your reward.

From the Back Cover

"TO HAVE WITCH BLOOD' WAS TO LIVE BETWEEN THE WORLDS AND TO KNOW THAT WHICH CAN NEVER BE TOLD."

"Through the years, I learned many things from my mother about the Old Religion. I learned that spirits dwelled in plants, and that to invoke them, one simply inhaled the scent of the flowers and called their names. She taught me to call the fairy folk by pouring milk, wine, and honey into a bowl and setting it under a myrtle bush. Once the bowl was in place, a reed tied to a string was swung briskly overhead in a clockwise circle, and we would whistle a slow, haunting melody. The rustling of the leaves was a sign that the fairies had come. But all of this was secret, and secrecy surrounded everything I was taught."

These were the Old Ways, part of a legacy of magick passed down through family lines, and kept alive for centuries. The secret ways of Italian witches live on today, and serve as an excellent model for any tradition of magick that seeks to impart its wisdom to future generations. In this well-crafted book, respected author Raven Grimassi tells the story of his family's traditions, from ritual spellwork to the Italian tooth fairy. Engaging and thought-provoking, *Hereditary Witchcraft* inspires us all to preserve the sacredness of our mysteries and magicks by giving them away -- as gifts to our children.

About the Author

Raven Grimassi is a Neo-Pagan scholar and award-winning author of more than eighteen books on Witchcraft, Wicca, and Neo-Paganism. He has been devoted to the study and practice of witchcraft for over forty years. Raven is co-founder and co-director of the Ash, Birch, and Willow tradition.

Grimassi's background includes training in old forms of witchcraft as well as Brittish Wicca, the Pictish-Gaelic tradition, Italian Witchcraft, and Celtic Traditionalist Witchcraft. Raven was also a member of the Rosicrucian Order, and studied the Kabbalah through the First Temple of Tifareth under Lady Sara Cunningham.

Raven currently lives in New England with his wife and co-author Stephanie Taylor-Grimassi. Together they direct The Fellowship of the Pentacle, a modern Mystery School devoted to preserving pre-Christian European spirituality.

## **Users Review**

### **From reader reviews:**
