There are many books that will tell you what to do - use prepaid burner phones and anonymous email accounts, encrypt your communications and data, make your purchases anonymously - but Incognito Toolkit will show you how and give you the tools to actually do it. With laws getting stricter by the day and making it more and more difficult to properly protect your personal information, you need the most up-to-date information and tools available and that's what you will find in Incognito Toolkit! Don't let snoopers, investigators, and scammers look over your shoulder or track you while you work and play on the internet! Learn about the tools that will help you use the internet anonymously, privately, and securely to protect assets, avoid social stigmas, and make you safer. This book is full of information that large corporations, scammers, and nosy governments don't want you to find! You won't find a collection of techniques and creative methods like this anywhere else! Covered in Incognito Toolkit: - Making truly anonymous online purchases - Shortcomings of Bitcoin - Encrypting communications - Encryption for online file storage solutions - Locking down and monitoring your hardware - Browser Fingerprinting - Using TOR and VPNs - Creative Text and File Steganography Techniques - Critical Techniques for Publishing Anonymously - Cleaning photo and video metadata - Dealing with tracking cookies Updated December 4th, 2013 with new information about credit card skimmers, TOR hardware devices, and more!
