Performance Management in Education: Improving Practice (Published in association with the British Educational Leadership and Management Society) By Jenny Reeves, Pauline V Smith, James O'Brien, Harry Tomlinson, Christine Forde

'This book makes an important contribution to the debate on how school and individual performance may be enhanced. It would be of value to any teachers, education manager or academic who is interested in the issues of improvement in school performance'- *Scottish Educational Review*

'....there is much to commend this book. The diagrams are very clear and 'lift' the text so that creative thought, rather than mere comprehension, becomes possible'
- *Nurturing Potential*

Managing the performance of staff has become a key concern in education. It is a controversial area with a number of approaches based on very different assumptions. This book provides an overview of some of the key issues in developing professional performance and examines critically some of the strategies that can be used to enhance it.

- The first section of the book sets out the development of performance management.

- The second section deals with theoretical issues.
- The third section adopts a case study approach mapping out and critiquing a range of strategies that can be used to improve performance.
- Current issues such as work-based learning, performance related pay, the assessment of performance and the use of standards are examined.

Performance Management in Education is a valuable resource for practitioners, those involved in professional development, and academics in the field of school leadership and administration.

Review

`This book makes an important contribution to the debate on how school and individual performance may be enhanced. It would be of value to any teachers, education manager or academic who is interested in the issues of improvement in school performance'- *Scottish Educational Review*

About the Author

Jenny Reeves has worked in the field of Continuing Professional Development, with a particular focus on leadership and management, as both a lecturer and a National Development Officer for the Scottish Qualification for Headship. She is currently Director of CPD at the School of Education and teaches on the Chartered Teacher Programme, MEd. Professional Enquiry in Education, as well as leadership and management modules offered on the MSC Professional Enquiry.

Jim O'Brien was a secondary school teacher of history and a Principal Teacher (Guidance), teaching in comprehensive schools in the west of Scotland, before taking up a career in higher education. He then worked in St Andrew's College of Education, Glasgow as lecturer, Director of In-Service, and Assistant Principal (Educational Development). Appointed to Moray House Institute of Education in 1993 as Vice Principal, he became the permanent Vice Dean of the Moray House Faculty/School of Education in 1998 when the Institute merged with the University of Edinburgh. He was also Director of the Centre for Educational Leadership (CEL) and Head of School from 2007 in The Moray House School of Education, The University of Edinburgh. He held a personal Chair in Leadership and Professional Learning until 30th September 2009 when he retired. He continues to research, write, lecture and offer consultancy in an Emeritus capacity.

Users Review

From reader reviews:

Ruth McGrath:

What do you concerning book? It is not important along? Or just adding material when you really need something to explain what you problem? How about your spare time? Or are you busy individual? If you don't have spare time to do others business, it is make you feel bored faster. And you have extra time? What did you do? All people has many questions above. They have to answer that question because just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is correct. Because start from on kindergarten until university need this kind of Performance Management in Education: Improving Practice (Published in association with the British Educational Leadership and Management Society) to read.

Sheila Foxworth:

Reading a guide tends to be new life style with this era globalization. With looking at you can get a lot of information that can give you benefit in your life. Together with book everyone in this world can easily share their idea. Guides can also inspire a lot of people. A lot of author can inspire their reader with their story or

even their experience. Not only the storyplot that share in the textbooks. But also they write about the data about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on this planet always try to improve their skill in writing, they also doing some research before they write on their book. One of them is this Performance Management in Education: Improving Practice (Published in association with the British Educational Leadership and Management Society).

Edmund Hillman:

Most of us recommend that straight away because this publication has good vocabulary that can increase your knowledge in words, easy to understand, bit entertaining however delivering the information. The copy writer giving his/her effort to put every word into pleasure arrangement in writing Performance Management in Education: Improving Practice (Published in association with the British Educational Leadership and Management Society) nevertheless doesn't forget the main stage, giving the reader the hottest and based confirm resource facts that maybe you can be among it. This great information could drawn you into new stage of crucial imagining.

Keri Lo:

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Performance Management in Education: Improving Practice (Published in association with the British Educational Leadership and Management Society) can make you sense more interested to read.
