## George, Nicholas and Wilhelm: Three Royal Cousins and the Road to World War I By Miranda Carter

In the years before the First World War, the great European powers were ruled by three first cousins: King George V of Britain, Kaiser Wilhelm II of Germany, and Tsar Nicholas II of Russia. Together, they presided over the last years of dynastic Europe and the outbreak of the most destructive war the world had ever seen, a war that set twentieth-century Europe on course to be the most violent continent in the history of the world.

Through brilliant and often darkly comic portraits of these men and their lives, their foibles and obsessions, Miranda Carter delivers the tragicomic story of Europe's early twentieth-century aristocracy, a solipsistic world preposterously out of kilter with its times.

### Editorial Review

From [Booklist](#)

\*Starred Review\* The slippery slope into horrific armed conflict is a tale often told about World War I, but this author's take on the antecedents of the European war of 1914–18 is distinct. Carter views the shifting alliance entanglements of the Great Powers of the late nineteenth and early twentieth centuries, and especially the growing animosity and rivalry between Britain and Germany, with particular focus on the attitudes and actions of three royal first cousins: Emperor Wilhelm II of Germany, Emperor Nicholas II of Russia, and King George V of Great Britain (who also reigned as emperor of India, hence the book's title reference to three emperors). Rich in concrete detail, elegant in style, and wise, fresh, and knowledgeable in interpretation, the author's account observes a profound anachronism at play: that these three monarchs, in what they didn't realize were the waning days of the institution of monarchy, handled foreign diplomacy as if it were a family business. Despite the reality of growing fissures separating their countries, "each emperor continued to paper over the cracks with cousinly gestures, each increasingly irrelevant." Europe plunged over the precipice of war in August 1914, revealing in stark terms the inability of royal familial ties to control and contain national disagreements; as the author has it, the fact that Wilhelm, Nicholas, and George were out of touch with actual politics could not have been more apparent. An irresistible narrative for history buffs. --Brad Hooper

### Review

"History on a large canvas. . . . Carter writes incisively about the overlapping events that led to the Great War and changed the world. . . . Impressive. . . . Carter has clearly not bitten off more than she can chew for she—as John Updike once wrote of Gunter Grass—'chews it enthusiastically before our eyes.'"

—*The New York Times*

"Splendid. . . . This is history on a vast scale written on an intimate level, and it is immensely rewarding. . . . [Carter's] portraits of the men are razor-sharp. She places each monarch in his unique context, providing a tapestry of the age and the maneuvering that led to the outbreak of war. . . . The reader is swept up in the pageantry, pathos and glory of an era that makes our own seem remorselessly venial and vulgar."

—*Minneapolis Star Tribune*

"Engrossing and important. . . . While keeping her focus on the three cousins and their extended families, [Carter] skillfully interweaves and summarizes all important elements of how the war came about. . . . An original book, highly recommended."

—*The Dallas Morning News*

"A fascinating biographical saga. . . . The personal, hidden history of King George V, Tsar Nicholas II and Kaiser Wilhelm II's relationship [is] incomparable, haunting and unforgettable."

—*Providence Journal*

"The parallel, interrelated lives of Kaiser Wilhelm II, George V, and Nicholas II are . . . a prism through which to tell the march to the first World War, the creation of the modern industrial world and the follies of hereditary courts and the eccentricities of their royal trans-European cousinhood. . . . An entertaining and accessible study of power and personality."

—Simon Sebag Montefiore, *Financial Times*

“Some wars are inevitable. Others, such as World War I, could have been avoided. . . . Relying on apt quotations and instructive anecdotes, Carter, in this always readable history, persuasively relates [the royal cousins’] role in beginning a war that was supposed to end all wars.”

—*Richmond Times Dispatch*

“Entertaining and well-researched, with acute pen portraits of the major players.”

—*The Wall Street Journal*

“I couldn’t put this book down. The whole thing really lives and breathes—and it’s very funny. That these three absurd men could ever have held the fate of Europe in their hands is a fact as hilarious as it is terrifying.”

—Zadie Smith

“History at its most entertaining, full of scathing and often witty descriptions of the follies and tragedies of royalty, and the way in which the three royal cousins’ lives, despite the deep social divide between the royals and ordinary people, became intertwined with the changes and the dangers confronting the major European powers in the early years of the 20th century. It is a splendid picture, splendidly narrated.”

—Michael Korda, *The Daily Beast*

“Fresh and enjoyable. . . . Carter’s thoughtful reintroduction of the vividly human to late 19th-century international politics is timely and welcome.”

—*The Guardian* (London)

“Carter deftly interpolates history with psychobiography to provide a damning indictment of monarchy in all its forms.”

—Will Self, *New Statesman*

“An attractively written, extensively illustrated work.”

—*The Washington Times*

“Masterfully crafted. . . . Carter has presented one of the most cohesive explorations of the dying days of European royalty and the coming of political modernity. . . . [She] has delivered another gem.”

—*BookPage*

“An irresistibly entertaining and illuminating chronicle. . . . Readers with fond memories of Robert Massie and Barbara Tuchman can expect similar pleasures in this witty, shrewd examination of the twilight of the great European monarchies.”

—*Publishers Weekly*

“Carter draws masterful portraits of her subjects and tells the complicated story of Europe’s failing international relations well. . . . A highly readable and well-documented account.”

—*The Spectator*

About the Author

**Miranda Carter** is the author of *Anthony Blunt: His Lives*, which won the Orwell Prize for political writing and the Royal Society of Literature W. H. Heinemann Award, and was chosen as one of *The New York Times Book Review*’s seven Best Books of 2002. She lives in London with her husband and two sons.

### **From reader reviews:**

#### **Melissa Wilcox:**

What do you about book? It is not important along with you? Or just adding material when you need something to explain what yours problem? How about your extra time? Or are you busy person? If you don't have spare time to perform others business, it is make one feel bored faster. And you have free time? What did you do? Every person has many questions above. The doctor has to answer that question simply because just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is suitable. Because start from on pre-school until university need this George, Nicholas and Wilhelm: Three Royal Cousins and the Road to World War I to read.

#### **Margaret Parker:**

Now a day individuals who Living in the era everywhere everything reachable by match the internet and the resources within it can be true or not call for people to be aware of each data they get. How people have to be smart in acquiring any information nowadays? Of course the answer then is reading a book. Studying a book can help men and women out of this uncertainty Information mainly this George, Nicholas and Wilhelm: Three Royal Cousins and the Road to World War I book because book offers you rich facts and knowledge. Of course the details in this book hundred per cent guarantees there is no doubt in it you may already know.

#### **Anna Baron:**

Reading a publication tends to be new life style on this era globalization. With reading through you can get a lot of information that could give you benefit in your life. Using book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Many author can inspire their particular reader with their story or even their experience. Not only situation that share in the guides. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their ability in writing, they also doing some exploration before they write for their book. One of them is this George, Nicholas and Wilhelm: Three Royal Cousins and the Road to World War I.

#### **Helen Widner:**

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this George, Nicholas and Wilhelm: Three Royal Cousins and the Road to World War I can make you experience more interested to read.
