**The Law of God: For Study at Home and School** By Seraphim Slobodskoi

This is the English edition of the classic Russian textbook designed for parents to teach their children "all the fundamental points of the Orthodox Christian faith and way of life." Because children are growing up quickly in a society that raises serious and agonizing questions the author does not teach in naive stories that remain stories only. It offers an overview of the whole of the Old and New Testaments as well as instruction on prayer, worship and what it means to live by the teaching of the Ten Commandments and the Beatitudes. Lavishly bound and made to last. Well illustrated with black and white photographs and icons.
