The Night We Said Yes By Lauren Gibaldi

A fun, romantic read, perfect for fans of Sarah Dessen and Susane Colasanti! What happens when Matt and Ella reunite one year after their breakup? Are second chances really possible?

Before Matt, Ella had a plan. Get over her ex-boyfriend and graduate high school—simple as that. But Matt—the cute, shy, bespectacled bass player—was never part of that plan. And neither was attending a party that was crashed by the cops just minutes after they arrived. Or spending an entire night saying "yes" to every crazy, fun thing they could think of.

But then Matt leaves town, breaking Ella's heart. And when he shows up a year later—wanting to relive the night that brought them together—Ella isn't sure whether Matt's worth a second chance. Or if re-creating the past can help them create a different future.

Editorial Review

From School Library Journal

Gr 8 Up—When high school senior Ella goes to a party with her best friend, Meg, she has two things on her mind: to see a friend's band play and to forget all about her ex-boyfriend. However, when she meets the new bass player, a slightly geeky but cute boy named Matt, all of that goes out the window. Ella, along with Matt, Meg, and Meg's ex-boyfriend, Jake, decide to have a carefree night where they say yes to almost any suggestion of fun. Matt and Ella's attraction is instantaneous, so when he suddenly moves away six months later, she's devastated. One year later, Matt reappears hoping for a reconciliation by re-creating that magical night. But Ella isn't sure if she should forgive him or move on. Gibaldi effectively captures intense, all-consuming teen attraction—both the good and the groan-inducing. Even though the story is from Ella's perspective, Matt still comes across as almost too good to be true, while her friends Meg and Jake aren't fleshed out. Chapters alternate between Ella and Matt's first interaction one year in the past and Matt's return in present day. Because the events of both nights are so similar, some readers may find the story a bit hard to follow until the last few chapters. While this isn't the deepest of love stories, some teens will still get caught up. VERDICT Purchase for collections that have a strong fan base for realistic, romantic fiction.—Kimberly Castle-Alberts, Hudson Library & Historical Society, OH

From the Back Cover

Before Matt, Ella had a plan.

Get over a no-good ex-boyfriend. Graduate from high school without any more distractions. Move away from Orlando, Florida, where she's lived her entire life.

But Matt—the cute, shy, bespectacled bass player who just moved to town—was never part of that plan.

And neither was attending a party that was crashed by the cops just minutes after they arrived. Or spending an entire night saying "yes" to every crazy, fun thing they could think of.

Then Matt abruptly left town, and he broke not only Ella's heart but those of their best friends, too. So when he shows up a year later with a plan of his own—to relive the night that brought them together—Ella isn't sure whether Matt's worth a second chance. Or if re-creating the past can help them create a different future.

In alternating then and now chapters, debut author Lauren Gibaldi crafts a charming, romantic story of first loves, lifelong friendships, uncovered secrets, and, ultimately, finding out how to be brave.
