

# Jones' Clinical Paediatric Surgery: Diagnosis and Management

From Wiley-Blackwell

## Jones' Clinical Paediatric Surgery: Diagnosis and Management From Wiley-Blackwell

This unique book applies a systematic approach to explain the role of surgery in treating childhood diseases. Throughout the book key subject areas are supported by case vignettes as well as high quality photographs and illustrations.

Building on the successful style of previous editions, this sixth edition of *Jones' Clinical Paediatric Surgery* is substantially revised exploring fundamental topics such as:

- Neonatal Emergencies
- Head and Neck
- Abdomen
- Abdominal Mass
- Urinary Tract
- Trauma
- Orthopaedics
- Chest
- Skin/Soft Tissues

*Jones' Clinical Paediatric Surgery* provides paediatricians and surgeons with a straightforward and clear explanation of the surgical options available for the care of the paediatric patient.

### Editorial Review

#### Review

"I would recommend the book for all trainees concerned with paediatric practice. It should be compulsory reading for candidates for the DCH examination and for higher fellowships in paediatrics and general surgery"

#### Child

"The first edition was 'strongly recommended' in this column, a verdict which can readily be repeated for this new edition and with the addition of 'very'...full marks!"

#### Archives of Diseases in Childhood

"A rich but concise source of information...well-chosen illustrations and a very carefully selected bibliography...I enjoyed reading this book.

#### Paediatric Annals

"Strongly recommended...you can be sure this book will be appreciated..."

#### British Journal of Surgery

"This unique book applies a systematic approach to explain the role of surgery in treating childhood diseases. Throughout the book key subject areas are supported by case vignettes as well as high quality photographs and illustrations. This is a nicely done ... contribution to pediatric surgical literature." *Doody's*
