Not in Your Lifetime: The Defining Book on the J.F.K. Assassination By Anthony Summers

Updated with the latest evidence, Pulitzer Prize finalist Anthony Summers's essential, acclaimed account of President Kennedy's assassination

“He was holding out his hand . . . He looked puzzled . . . Then he slumped in my lap . . . I kept bending over him saying, ‘Jack, Jack, can you hear me? I love you, Jack . . .’ The seat was full of blood and red roses . . .” —Jacqueline Kennedy, recalling the fatal moment in Dallas

Fifty years on, most Americans still feel they have not been told the truth about President Kennedy's death. Chief Justice Warren, who chaired the first inquiry, said “some things” that “involve security” might not be released in our lifetime. Millions of pages of assassination records were finally made public in the late 1990s. Yet the CIA is withholding more than a thousand documents under “national security”—until 2017.

Why? Why hold these records back if—as we were told half a century ago—Lee Harvey Oswald was a lone assassin? Anthony Summers set out to write a reliable account of the murder mystery that haunts America. *Not in Your Lifetime*, in this fresh edition, is one of the finest books written on the assassination.
