Red Hope: (Book 1) By John Dreese

For two million years, Mars has hidden a secret. Two hours ago, the Curiosity Rover found it. With less than a year to prepare, four modern-day astronauts are asked to leave their families behind and risk their lives on what will become the most important expedition mankind has ever launched. With time running out, the fate of humanity rests in the hands of four doomed astronauts.

****A BESTSELLING Adventure Thriller with a *mix* of Sci-Fi and Mystery****

ABOUT RED HOPE:

Red Hope is the first book of a fast-paced **two-novel series**. It has an entertaining ending with a **mild cliffhanger** leading into the second book which is being written right now. Red Hope is intended for a general audience - **you won't need a calculator or a slide rule** to enjoy this adventure!

PRAISE FOR RED HOPE:

"Couldn't stop reading it. Blew off all my adult responsibilities and sat around for a day." - Amazon Reviewer

"I was constantly wondering what would happen next." - Amazon Reviewer

"Ground control to majorly entertaining!" - Amazon Reviewer

"It's 4am and I'm holding my breath!" - Note from a reader

"This was a rip roaring fun read." - Amazon Reviewer

CONTENT:

Red Hope contains *soft Sci-Fi* elements. That means it has simple scientific principles that anybody can understand and enjoy. If you prefer more rigorous technical discussions about things like delta-v budgets, Hohmann transfer orbits or peer-reviewed NASA protocols, then you may want to consider a *hard Sci-Fi* novel - there are many wonderful examples available on Amazon.

*** This is the **first novel in a two-book series** and it ends with a **cliffhanger**.
