##### **Omer Brown:**

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to the library. They go to presently there but

nothing reading really. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this [(The Future of Helium as a Natural Resource )] [Author: William J. Nuttall] [Apr-2012] can make you experience more interested to read.
